Full Works Facilities Management Limited

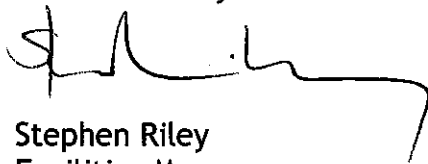

Leonard Cheshire Disability have engaged the services of Full Works Facilities Management for the past few years, our working relationship has evolved and grown over this period where we now count Full Works as our first point of call for all our building property needs.

Full Works have over the past couple of years carried a complete wet room installation, a complete refurbishment of our head offices in London including our CEO's area ranging from new a ceiling to stud work partitioning, new carpet tiles to a full redecoration programme and to many other jobs to list.

Full Works now carry out all our pre planned maintenance including call outs. They now carry out all our roofing along with our electrical and mechanical services.

Full Works provide a cost efficient solution to our property needs and we are more than happy to provide this reference, I am also more than happy to answer any questions you may have.

Yours Sincerely

Stephen Riley
Facilities Manager
